

Update from Alan R. Henderson, Mayor and Township Committee

March 26, 2020

Lafayette Residents: As of today March 26, 2020 the Sussex County Health Department has advised that a Lafayette resident (57 year old Female) has tested positive to the Coronavirus. The Township Committee hopes for a speedy recovery of this resident. Please practice all the necessary social distancing and hand washing as recommended. In the last few days there have been significant increases throughout the nation and the state. As Mayor, I will keep you informed of any additional cases that occur in Lafayette Twp.
