9100 PUBLIC RELATIONS

The Board of Education believes that school district community relations is not solely an information program, but encompasses all aspects of the school's relationship with the total community.

The Board believes its school community relations program should:

- A. Promote public interest and participation in the operation of the school program;
- B. Gather information about public attitudes toward the school system and its programs and report them to the Superintendent and the Board;
- C. Provide an honest, continuous, comprehensive flow of information about the policies, procedures, programs, problems, and progress of the school system to the community and the staff;
- D. Develop the most effective means of communication with the school system's public and use available media as appropriate;
- E. Develop programs in the schools that will integrate home, school and community in meeting the needs of the district pupils;
- F. Develop and maintain the confidence of the community in the school Board and the school staff;
- G. Develop a climate that attracts quality teachers and encourages staff to strive for excellence in the educational program;
- H. Anticipate and forestall problems that are brought about by lack of understanding; and
- I. Evaluate past procedures in order to make improvements in future communications.

The Superintendent shall be responsible for developing programs, techniques, and channels for implementing this policy.

Adopted: 7 September 2010

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the pupils and staff of the district shall be approved by the Superintendent or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district pupil without the prior written permission of the parent(s) or legal guardian(s) or from the adult pupil. Written permission slips for such release from each parent(s) or legal guardian(s) or adult pupil will be obtained by the Principal or designee for the pupils in their school building or by the Program Administrator for pupils in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual pupil in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult pupil.

The Superintendent shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the school. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a pupil handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening the school and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

9130 PUBLIC COMPLAINTS AND GRIEVANCES

Any person or group having a legitimate interest in the school may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

1. The matter will be resolved initially, wherever possible, by informal discussions between or among the interested parties.
2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed five working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than seven working days after the appeal is filed, except that the Board shall have forty-five calendar days to make its decision.

5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the school. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.
6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

Adopted: 7 September 2010

9130.1 COMPLAINTS REGARDING INSTRUCTIONAL MATERIALS

The Board of Education recognizes that opinions may differ on the appropriateness of any given instructional materials and equipment. Occasionally an individual or group may find instructional materials used in the school that conflict with their views. Any resident of this district shall have the right to present a request, suggestion, or complaint in reference to the physical plant, playgrounds, subject matter or instructional materials.

The Superintendent shall develop procedures to give careful consideration to such requests, suggestions, or complaints. These procedures shall provide that:

- A. All such requests, suggestions, or complaints be in writing;
- B. Whenever possible the process be initiated and solved at the lowest effective level;
- C. District response be courteous and prompt; and
- D. Successive steps of appeal and mechanisms for review are available when necessary.

The use of challenged materials or equipment by class or school shall not be restricted until a final decision has been reached.

The final decision on controversial reading matter shall rest with the Board after careful examination and discussion of the book or reading matter with school officials or others the Board may wish to involve.

Adopted: 7 September 2010

9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the school, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the school; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the school, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a pupil in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

The Superintendent shall develop regulations that will protect pupils and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the school and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct constitutes a disruption. The Board prohibits the possession and consumption of alcoholic beverages at any function sponsored by the district, and, further, prohibits wagering on school premises.

Adopted: 7 September 2010

9180 SCHOOL VOLUNTEERS

The Board of Education recognizes the services of volunteers can enrich the educational program, assist teaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board authorizes a program for the utilization of volunteer services in the school(s) of the school district.

An unpaid volunteer is not required to complete a criminal history record check. A volunteer is not required to be approved by the Board.

For the purpose of this Policy, a “volunteer” is not a person who is not paid by the Board of Education, who assists with classroom or other school activities under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for school activities on a “regular basis” throughout the school year.

The Superintendent or designee shall determine if a person meets or will meet the requirements to be a “volunteer” for the purpose of this Policy.

A volunteer must be approved by the Board upon the recommendation of the Superintendent.

Volunteers must be persons of known character, responsibility, and integrity.

Neither the Superintendent nor any Principal shall be obligated to utilize the proffered services of a volunteer whose abilities or interests do not serve the needs of students.

Each school volunteer shall be given a copy of this Policy and the rules of conduct.

The following guidelines shall govern the service of school volunteers:

1. Volunteers may serve only under the direction and supervision of an appropriately certified or licensed staff member;
2. Volunteers should clearly understand their duties and responsibilities and perform no service outside those duties;
3. Volunteers serve only in a support capacity; only appropriately certified or licensed staff members are responsible for educational planning and decisions and the teaching of new concepts;

9181 VOLUNTEER ATHLETIC COACHES

The Board of Education recognizes the services of volunteer coaches bring unique skills to the district, enrich the athletic program, assist district's coaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board directs a program for the utilization of volunteer athletic coaches in grades six through eight.

The Principal will be responsible for the recruitment and screening of volunteer coaches and their assignment. The district is not obligated to utilize the proffered services of a volunteer coach whose abilities or interests do not serve the needs of the school district as determined by the Superintendent. Coaching volunteers must be persons of known character, responsibility, and integrity and must be recommended by the Superintendent and approved by the Board of Education prior to assuming any coaching responsibilities.

The Principal will prepare and promulgate rules of conduct for volunteer athletic coaches. Each volunteer athletic coach will be given a copy of this policy and the rules of conduct.

The following guidelines shall govern the service of a volunteer athletic coach:

1. Volunteer athletic coaches may serve only under the direction and immediate supervision of a head and/or assistant coach employed by the Board;
2. Volunteer athletic coaches must clearly understand their duties and responsibilities and perform no services outside those duties;
3. Volunteer athletic coaches serve only in a support capacity and only head or assistant coaches employed by the Board are responsible for the supervision and instruction provided to pupils participating in the athletic program;
4. Volunteer athletic coaches shall respect the individuality, dignity and worth of each pupil;
5. Volunteer athletic coaches are not permitted access to pupil records;
6. Volunteer athletic coaches must exercise discretion in disclosing any confidential pupil matters the coach becomes aware of as a result of their volunteer responsibilities;

All school volunteers must have an approved criminal background check and fingerprinted at the district's expense.

The Superintendent shall report annually to the Board on the number of volunteer coaches serving in the district, the duties performed by volunteer coaches, and the number of volunteer hours served, by school athletic program.

9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

The Superintendent shall establish an advisory committee of resource persons and representatives of business, industry, and community organizations to assist him/her in utilization of community resources in the instructional program and in the more effective and efficient operation of the district.

Adopted: 7 September 2010

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of pupils. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of pupils who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in the district school that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those pupils having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of pupils and parent(s) or legal guardian(s), and are of general interest to the school or community.

Adopted: 7 September 2010

9210 PARENT ORGANIZATIONS

The Board of Education will encourage the work of a general, voluntary, school-connected organization of parent(s) or legal guardian(s), school staff and friends of the school. Such organizations may not establish educational policy, participate in the administration of the school, or authorize management and direction of school affairs.

Such organizations shall have as their objectives the promotion of pupil welfare; the development of close relationships between the home and the school; and the development between educators and the public of such united efforts as will secure for every pupil in the school the best kind of educational program possible.

Organizations shall not use the district's name in their titles without the Board's express consent. Such permission to use the district's name does not constitute permission to act as the district's representative.

The Board shall make it a practice not to interfere in the internal workings of such groups.

Permission to hold regular meetings of such organizations in school facilities will be extended by the Board for a particular school year in accordance with Board policy.

The Assistant Principal or another professional staff member designated by the Superintendent may serve as advisor to the general parent/teacher organization. All members of the professional staff are encouraged to join the organization and participate in its activities.

Adopted: 7 September 2010

9230 PARENTAL RESPONSIBILITIES

The Board of Education believes that the education of children is a joint responsibility, one it shares with the parent(s) or legal guardian(s) and the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

The Board recognizes the vital role of parent(s) or legal guardian(s) in the welfare and education of their children and the pivotal part they play in shaping character and values. Because parent(s) or legal guardian(s) are familiar with the needs, problems, gifts and abilities of their children, staff should seek to involve parent(s) or legal guardian(s) as much as possible in the planning of the individual program. Parent(s) or legal guardian(s) must, by law, be included in the development of certain educational programs for their children.

Parent(s) or legal guardian(s) are requested to keep the school apprised of changes in factors in the home situation which may affect pupil conduct or performance. Parent(s) or legal guardian(s) are specifically requested to inform the school of any changes in legal custody of the child.

Parent(s) or legal guardian(s) are responsible for their child's punctuality, attendance, cleanliness and propriety of dress.

The Superintendent shall develop procedures and regulations to implement this policy. These regulations shall include use of the parent(s) or legal guardian(s)' native language when necessary.

Adopted: 7 September 2010

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a pupil enrolled in this district possesses full parental rights of access to the pupil and to information about the pupil, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of pupils and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: 7 September 2010

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION
OUTSIDE THE SCHOOL

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the student's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25. The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

The parent or legal guardian or other person having custody and control of a child between the ages of six and sixteen, who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer student, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of students enrolled in the school district unless an entitlement or privilege is specifically provided in Board Policy or required by Federal law, or State statute or administrative code. However, the Lafayette Township School will allow Home Schooled children to participate in certain activities so long as there is no additional costs incurred because of such participation. The Superintendent/Principal will draft language for Regulation 9270 to that effect.

The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and Policy and Regulation 8310.

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about pupils and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the pupil's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the pupil. The parent(s) or legal guardian(s) of the pupil may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than three working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the pupil's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the New Jersey State Police regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a pupil is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

9700 SPECIAL INTEREST GROUPS

The Board of Education recognizes the contributions of persons and organizations outside the school district may take the form of materials, activities, and awards that tend to serve the interests of the contributor as well as benefit the school district and pupils. For the purposes of this Policy, “organizations outside the school district” shall be any organization, group, activity, club, association, agency, or individual that is not approved or sponsored by the Board of Education.

The Board reserves the right to review, approve, or reject proposed contributions from organizations outside the school district. Proposed contributions may be rejected by the Board, including but not limited to, proposed contributions that have the primary effect of advancing the name, product, or special interest of a person, corporation, or organization; fail to meet district standards of accuracy and good taste; are of little or no educational value to pupils; make unreasonable demands upon the time and energies of staff and pupils or upon the resources of the district; interrupt or interfere with the regular school program; or involve a direct cost to the district.

The approval of the use of any material or the conduct of any activity offered by an organization outside the school district shall not under any circumstances be construed as an endorsement by this Board of any interest, cause, or organization.

Permission to solicit or raise funds on school premises will be granted only to those persons and organizations whose purposes are consistent with the goals of this district and the interests of the community and are in accordance with the Board’s fundraising policy. Solicitation or fundraising may not interfere with the orderly operation of the school. The Board will not be responsible for the protection of or accounting for such funds and these funds may not be deposited in any district account.

The Board will not permit the distribution of literature to or through pupils in the school district for any organization outside the school district.

However, distribution of literature to or through pupils in the school district may be approved by the Superintendent or designee if the organization requesting the distribution of literature is a local, State, county or Federal governmental agency or a community, non-profit organization and the information is determined by the Superintendent or designee to be of special interest to school district pupils or the community. Written requests for the distribution of this literature must be submitted to the Superintendent or designee with one copy of the specific literature to be distributed. The approval and method of the distribution of literature will be at the discretion of the Superintendent or designee. Any approval for such distribution will be consistent with the governing principles of the First Amendment of the United States Constitution. In no circumstance will the school district release confidential pupil information.

The Board prohibits the distribution of political literature to or through the pupils of this district in the school building or on school grounds that promotes, favors, or opposes the candidacy of any candidate for election at any annual school election, or the adoption of any bond issue, proposal, or any public question submitted at any general, municipal or school election. No pupil shall be requested or directed by any school official or employee to engage in any activity that tends to promote, favor, or oppose any such candidacy, bond issue, proposal or a public question submitted at any election.

The Board will permit the award of scholarships or prizes to deserving pupils provided that information regarding pupils is released only in accordance with Policy No. 8330 on Pupil Records, the manner of selection of the recipient is approved by the Superintendent or designee and includes consultation with appropriate staff members, and the nature of the prize or award is approved by the Superintendent or designee.

Distribution of Materials by Pupils and Staff

Material being sent home with pupils should relate to school matters or pupil-related community activities. Except when it pertains to the individual pupil, all such material must be approved in advance by the Superintendent or designee.

There is no district obligation to distribute or post any community group materials. But if a forum is opened up to any category or group (i.e., non-profit, non-partisan, community groups), the Superintendent will not discriminate against speech or materials on the basis of its viewpoint or religious content.

The determination of the Superintendent will be viewpoint-neutral in order to provide equal access to "limited public forums" including bulletin boards for notices, tables at back-to-school nights, or hand-outs to pupils.

No staff member may distribute any materials on school property without prior approval of the Superintendent. Materials will clearly indicate their source. Non-school related materials will be plainly labeled, including an express disclaimer that the activity is "not a school-sponsored activity." Flyers and parental permission slips will be subject to the same review and standards.

All surveys, questionnaires or other similar items requiring pupil or parent/guardian response shall be reviewed and approved by the Superintendent prior to distribution. The Superintendent shall solicit written permission from parent(s) or legal guardian(s) before pupils participate in surveys or research that requests personal information as set out in Federal law.

Contests for Pupils

The Superintendent shall approve participation in extracurricular contests sponsored by organizations outside the schools, as long as participation does not interfere with the instructional program. When such contests involve promotional aid, school time, or faculty assistance to pupils in essay writing, poster making, or other activities, the Superintendent shall determine whether the experiences are closely enough allied to and in support of the instructional work of the school and will clearly serve to advance the educational aims of the district. The worthiness of the sponsoring agency's cause or the opportunity for individuals to win prizes shall not in themselves constitute sufficient reason for approving a contest.

Contests and awards whether local, State, or national shall be:

- A. For the benefit of the pupil;
- B. Open to all pupils on a non-discriminatory basis;
- C. Consistent with district objectives;
- D. Judged by disinterested parties;
- E. Properly supervised with safety precautions in place; and
- F. Voluntary for pupils and teachers.

Contests and awards shall not place undue time or financial burdens on pupils, teachers and parent(s) or legal guardian(s). They shall not promote commercial products or partisan viewpoints. Participation shall not be dependent on the financial status of the pupil.

9713 RECRUITMENT BY SPECIAL INTEREST GROUPS

The Board of Education prohibits recruitment activities by outside organizations on school premises, regardless of the purpose of the recruitment or the nature of the recruitment agency. Except as required and referenced below, no information about individual pupils will be released for the purpose of approaching pupils for educational, occupational, military, or any other recruitment purpose.

However, a school district that receives funds under ESEA, on request from a military recruiter or an institution of higher education, must provide access to the names, addresses, and telephone listings for secondary pupils. Parent(s), legal guardian(s) and/or the adult pupil may request that such information not be released for the child without the prior written parental, legal guardian and/or adult pupil approval. The district will give military recruiters the same right of access to secondary pupils as generally provided to post-secondary institutions and prospective employers.

Parent(s) or legal guardian(s) and adult pupils will be informed annually in writing of their right to request a pupil's excusal from participation in all recruitment activities and/or from a listing in the pupil information directory distributed for recruitment purposes.

Nothing in this policy shall be construed as requiring the Board to approve or participate in an activity that appears to advance or inhibit any particular religious sect or religion generally.

9720 SOLICITATIONS BY VENDORS

The Board of Education will permit vendors to solicit pupils and parent(s) or legal guardian(s) for the sale of goods and services through the school, provided that the Board has given prior approval to the vendor and to the solicitation.

The Superintendent shall review each vendor's request to solicit sales and shall recommend to the Board for its approval only those that offer a product or service that is related to the educational goals of this district and offers good value to purchasers.

Any funds collected on behalf of a vendor approved by the Board under this policy shall be kept in a separate account pending transfer to the vendor. The Board disclaims any responsibility for any such funds.

In the event that more than one vendor requests permission to solicit sales of a particular product or service, or the Superintendent seeks a vendor to provide a particular product or service to parent(s) or legal guardian(s) or pupils, the Superintendent shall seek quotations from qualified vendors in order to determine which will provide the greater value to purchasers.

The Board reserves the right to withdraw its approval of any vendor at any time.
