## I NEED TO STAY HOME FROM SCHOOL WHEN...

| FEVER                                       | VOMITING  | DIARRHEA   | RASH   | EYE ISSUES   | HOSPITAL STAY ER<br>Visit  |
|---|---|--|--|--|--|
| I have a temperature<br>of 100.4 or higher. | I am vomiting or have<br>vomited within the<br>past 24 hours. | I am having episodes<br>of diarrhea or have<br>had diarrhea within<br>the past 24 hours. | I have a body rash<br>with itching or fever. | I have severe redness,<br>burning, itching<br>and/or drainage from<br>one or both eyes;<br>"crusty" eye/s that<br>were "stuck" together. | I have an illness or<br>injury so bad that I<br>went to the hospital<br>or Emergency Room. |

## I AM READY TO RETURN TO SCHOOL WHEN...

| I am fever free for 24<br>hours <u>without</u> the use<br>of medications such<br>as Tylenol or Motrin.<br>I haven't vomited in<br>24 hours and I have<br>been able to keep<br>down water and solid<br>food. | I haven't had an<br>episode of diarrhea<br>for at least 24 hours<br>because I really don't<br>want to have an<br>accident at school. | The rash is gone and I<br>am no longer itching<br>and uncomfortable.<br>Or when my medical<br>provider has given me<br>a note for my school<br>nurse stating I can<br>return to school. | I have used at least<br>three doses of<br>prescription eye<br>drops, I am symptom<br>free and/or my doctor<br>gave me a note to<br>return to school. | I have been released<br>by a medical provider<br>and I have discharge<br>papers to show my<br>school nurse;<br>especially if I am out<br>of PE. |
