

7510 USE OF SCHOOL FACILITIES (M)

The district facilities belong to the community, which paid for them for the primary purpose of offering a full educational program for its children. Prudent use and management of school facilities outside of the regular operating schedules providing that such use does not interfere with the orderly conduct of a thorough and efficient system of education allows the community to benefit more broadly from the use of its own property.

The Board of Education will permit the use of school facilities when such permission has been requested in writing and has been approved by the Superintendent for:

- A. Uses and groups directly related to the school and the operations of the school;
- B. Uses and organizations indirectly related to the school;
- C. Departments or agencies of the municipal government;
- D. Other governmental agencies; and
- E. Community organizations formed for charitable, civic or educational purposes.

The use of school facilities shall not be granted for private social functions or any partisan political activity or purpose that is prohibited by law.

In the event the Superintendent deems it advisable, any application may be submitted to the Board for action.

The Superintendent or Board may refuse to grant the use of a school building whenever in their judgment there is good reason why permission should be refused.

Smoking is prohibited at all times in any district building or on school grounds. No one may bring alcoholic beverages onto any school property. All facility use shall comply with State and local fire, health, safety and police regulations.

The building may not be available for community use during holidays, vacation periods, or during the time school is not in session over the summer when the programs interfere with cleaning and maintenance schedules. Requests for use during the above must be submitted to the Superintendent for consideration.
