ESEA ACTION PLAN

The Lafayette Township School District is committed to supporting the needs of all students within the district. Participation on state mandated assessments is encouraged. In order to further support the participation of all students on the PARCC and NJASK Assessments, the following action plan will be implemented.

Parent Training and Information Session - We will host an information session during conferences to review the assessment and provide facts for parents about the testing.

Student Training and Information Session - We will hold an assembly with the students to explain the upcoming assessments and provide a positive approach to the assessment.

Communication – We will post information online and send information home with students to reach all parents who may or may not attend the information session regarding facts about the assessments.
